

COMPANY OVERVIEW

Jewel Isaac, LLC is an Alaska general contractor founded in 2016, headquartered in Fairbanks with an office in Anchorage and crews mobilized statewide. We self-perform commercial, government and defense, industrial, mining, and oil & gas construction, from ground-up builds and design-build to renovations, tenant improvements, hydroexcavation, and workforce housing. Our 'building relationships' model assigns one dedicated project manager from inception to completion, backs every project with a one-year warranty, and has grown repeat clients to more than 76% of our work.

CORE COMPETENCIES

- Vertical construction, design-build & construction management
- Self-perform carpentry, framing, drywall & finishes, roofing, siding & casework
- Ground-up commercial construction & building envelopes
- Renovations, repairs & tenant improvements, including occupied facilities
- Federal & DoD facility work, renovations & FF&E (Fort Wainwright, FAA)
- Hydroexcavation, site utilities & remote-site logistics
- Workforce housing, man camps & modular facilities
- Hotel/hospitality conversions & medical office build-outs

DIFFERENTIATORS

- Self-perform the critical path with in-house crews, driving down cost while protecting schedule and quality
- More than 76% repeat clients; rated 4.9 stars across 70+ Google reviews; relationships spanning 20 years
- One dedicated project manager per job, inception to completion, plus a one-year warranty on all work
- Real federal & DoD past performance at Fort Wainwright, Fairbanks International Airport, and Missile Field
- Sole-source federal teaming through Minto Global North, an SBA 8(a) Alaska Native Corporation
- About 25 Alaska-based staff; 75,000 SF shop + 7,000 SF office; up to \$10M bonding capacity

FEDERAL SOLE-SOURCE TEAMING - MINTO GLOBAL NORTH

Jewel Isaac teams with Minto Global North, an SBA-approved 8(a) Alaska Native Corporation (ANC), to offer a sole-source direct-award path for federal construction, a simplified and accelerated route to put our crews to work:

- ANC 8(a) sole-source awards are not subject to the \$4.5M competitive threshold
- Up to \$100M for DoD and \$25M for other agencies
- Awards to ANC 8(a) firms cannot be protested (13 CFR 124.517)
- DoD primes earn a 5% subcontracting incentive (25 USC 1544)

CAPACITY & APPROACH

Resources

About 25 Alaska-based professionals, including carpenters, laborers, superintendents, project managers, and office support, with a fleet of trucks, trailers, forklifts, manlifts, and excavation equipment, plus 75,000 SF of shop and 7,000 SF of office space in Fairbanks and an Anchorage office. In the past five years this team has self-performed more than 151,000 man-hours of carpentry and finish work, on projects from \$500,000 to \$10 million.

Quality Control

Project-specific QA/QC plans, preconstruction constructability review, vetted subcontractors, staged inspections and testing, and full documentation with corrective-action tracking. A one-year warranty backs all work.

Safety

OSHA-aligned safety program with leadership commitment, orientation and toolbox training, job-site inspections and audits, hazard assessment, PPE enforcement, and incident reporting. Safety records available on request.

Delivery Methods

Design-build · CM at risk · hard-bid / design-bid-build · IDIQ / task order / JOC · negotiated / time & materials.
